847.587.2400

### • How it works

Your boat is safely stored inside our showroom.

You call 3 hours ahead of your arrival and our staff will have your boat in the water and ready to go. When you are done boating, you return to the slip that you found your boat in, cover it and let us know that we can pull it out.

### • Boating after hours

Returning after we close? No problem, just return to the slip that you found your boat in, cover the boat and we will pull it in the morning.

### • Want more?

Need the boat fueled before you arrive, just let us know. Need ice in the cooler, no problem. How about a wash and wipe down. We can handle that. All at additional cost of course.

2010 models coming in soon
